

LAFOURCHE PARISH COUNCIL
JULY 22, 2008
UNANIMOUS AGENDA

A. RESOLUTIONS:

1. RESOLUTION **approving a contract with Picciola & Associates Inc. for engineering services Road Sales Tax District 2 Project 4E (Golden Meadow Streets);** and authorizing the Parish President to sign, execute and administer said contract and any and all relevant documents. (D. LORRAINE FOR ADMINISTRATION)

2. RESOLUTION **accepting the low bid of Huey Stockstill, Inc., in the amount of Five Hundred Thirty Thousand, Three Hundred Fourteen Dollars and Eighty-Two Cents (\$530, 314.82) for the project entitled Road Sales Tax District No. 5, Phase 5H, (Chackbay and Choctaw) Roadway Improvements,** and authorizing the Parish President to sign, execute and administer associated documents.
(M. DELATTE FOR ADMINISTRATION)

ITEM 1

On motion by _____, seconded by _____, the following resolution was introduced and adopted;

RESOLUTION NO. ____

RESOLUTION APPROVING A CONTRACT WITH PICCIOLA & ASSOCIATES INC. FOR ENGINEERING SERVICES ROAD SALES TAX DISTRICT 2 PROJECT 4E (GOLDEN MEADOW STREETS); AND AUTHORIZING THE PARISH PRESIDENT TO SIGN, EXECUTE, AND ADMINISTER SAID CONTRACT AND ANY AND ALL RELEVANT DOCUMENTS.

WHEREAS, council appointed Picciola & Associates, Inc. by Resolution 08-145 at the May 13, 2008 to provide engineering services for RSTD 2, 4E (Golden Meadow Streets); and

WHEREAS, the budget for this project is \$2,000,000; and,

WHEREAS, Joe Picciola, Engineer has advised administration that the project, with the streets as identified in the contract, can be completed with all engineering fees and services within the budgeted amount of \$2,000,000; and

WHEREAS, it is recommended by the Administration that the Council approve a contract with Picciola & Associates Inc. for Engineering Services for Road Sales Tax District 2 Project 4E (Golden Meadow Streets) and authorizing the Parish President to sign, execute, and administer said contract and any and all relevant documents; and

WHEREAS, this resolution was sponsored for Administration by Mr. Daniel Lorraine, Councilman, District 9; and

THEREFORE, BE IT RESOLVED, that the Lafourche Parish Council convened in regular session on _____, and does hereby approve a contract with Picciola & Associates Inc. for Engineering Services for in Road Sales Tax District 2 Project 4E (Golden Meadow Streets); and authorizes the Parish President to sign, execute, and administer said contract and any and all relevant documents.

BE IT FURTHER RESOLVED, that a certified copy of this resolution shall be forwarded to Picciola & Associates, Inc., P. O. Box 687, Cut Off, Louisiana 70345; Lafourche Parish Government Department of Public Works; Department of Finance; and the Office of the Parish Administrator.

LAFOURCHE PARISH COUNCIL**

ITEM 1

STATE OF LOUISIANA

PARISH OF LAFOURCHE

This CONTRACT entered into by the LAFOURCHE PARISH COUNCIL, a political subdivision of the STATE of LOUISIANA, duly created in accordance with the constitution and laws of the State of Louisiana, herein represented by Charlotte A. Randolph, Parish President, hereinafter referred to as the "Owner";

AND

PICCIOLA & ASSOCIATES, INC. a Louisiana Corporation with its principal place of business in the Parish of Lafourche, State of Louisiana, herein represented by Joseph C. Picciola II, President; (hereinafter referred to as ENGINEER);

WITNESSETH:

WHEREAS, OWNER is desirous of obtaining engineering services in connection with the planning, design and construction of certain roads and streets, as specifically defined and authorized by OWNER for the following project:

“Road Improvements - Road Sales Tax District No. 2, Phase 4E”;

a complete list of streets to be engineered is attached to this Agreement as Exhibit A.

WHEREAS, once engineering services as defined in Articles II, III and IV of the Agreement have been completed and Engineer has been paid, this Agreement shall be deemed terminated;

WHEREAS, the services of an engineering firm and project management are needed to assist with the project, all as covered in the following provisions of this contract.

NOW, THEREFORE, OWNER and ENGINEER, for the consideration hereinafter expressed, agree as follows:

ARTICLE I – EMPLOYMENT OF ENGINEER

ENGINEER agrees to perform the necessary professional services hereinafter set forth in Article II, Article III and Article IV of this agreement as authorized by OWNER in writing.

ITEM 1

ARTICLE II – CHARACTER AND EXTENT OF ENGINEERING SERVICES

ENGINEER shall perform the professional services as hereinafter set forth:

A. PRELIMINARY PHASE

Engineer shall not proceed with Preliminary Phase services until he receives written authorization from the Lafourche Parish President's office in the form of a "Notice to Proceed with Engineering Services".

1. Inspection of the area of project;
2. Discussion of scheduling;
3. Planning for and assisting OWNER in procuring the necessary reconnaissance surveys, field investigations and permits;
4. Preparation of preliminary engineering studies and designs to be submitted to OWNER;
5. Preparation of preliminary layouts, sketches, and a general outline of work to be performed;
6. Preparation of preliminary cost estimates of the project;
7. Furnish recommendations to OWNER;
8. Engineer shall perform work in a reasonable amount of time for a project of this type and size.

B. DESIGN PHASE

Engineer shall not proceed with Design Phase services until he receives written authorization from the Lafourche Parish President's office in the form of a "Notice to Proceed with Engineering Services".

1. Detailed conference with OWNER;
2. Prepare detailed drawings to show the character and extent of the work to be performed by the Contractor on the project (hereinafter referred to as Plans);
3. Prepare instructions to bidders, general conditions, general provisions, special provisions and technical provisions (all of which are hereinafter referred to as Specifications);
4. Furnish OWNER with such documents and design data as may be required, and assist in the preparation of required documents

ITEM 1

so that OWNER may secure approval of such governmental authorities as have jurisdiction over design criteria applicable to the project;

5. Advise OWNER of any adjustments of the cost estimate for the project, caused by changes in scope, conditions, design requirements or construction costs and furnish a revised cost estimate for the project based on final plans and specifications;
6. Prepare proposal forms and notice to bidders and assist in the preparation of contract documents;
7. Furnish four (4) copies of plans and specifications and other contract drawings for final review to OWNER;
8. Planning for and assisting OWNER in procuring information necessary for design. This information may include soil investigations, field surveys, compiling of owner's records or other special services;
9. Advise OWNER of right of way and on-site requirements necessary for OWNER to provide in order to complete the project;
10. Engineer shall perform work in a reasonable amount of time for a project of this type and size.

C. CONSTRUCTION PHASE

Engineer shall not proceed with Construction Phase services until he receives written authorization in the form of a resolution from the Lafourche Parish Council and written authorization from the Lafourche Parish President's office in the form of a "Notice to Proceed with Engineering Services".

1. Assist OWNER in securing bids, tabulation of same, analysis of bid results and furnishing of recommendations on the award of the construction contracts;
2. Assist in preparation of formal documents for the award of construction contracts;
3. Consult with OWNER and advise OWNER as to the progress of work during construction, and act as OWNER's representative. All of OWNER's instructions to Contractor shall be issued through ENGINEER who shall have authority to act on behalf of OWNER at OWNER's request;
4. Make periodic visits to site to observe progress and quality of work and to determine in general if work is proceeding in accordance with contract documents. He will not be responsible for construction methods, procedure, safety precautions and programs incident thereto. His efforts will be directed toward providing assurance for OWNER that the

ITEM 1

completed project will conform to the requirements of the contract documents. He will keep OWNER informed of the work and will endeavor to guard OWNER against defects and deficiencies in the work as failing to conform to the contract documents;

5. Review and approve shop drawings, catalogue data, samples, results of tests and inspections and other data which the Contractor is required to submit, but only for conformance with the design concept of the project and compliance with the information given in the contract documents;
6. Will act as interpreter of the terms and conditions of the contract documents and evaluate the Contractor's performance thereunder and will recommend decisions on all claims of OWNER and the Contractor relating to the execution and progress of the work and all other matters and questions related thereto; but ENGINEER will not be liable for the results of any such interpretations or decisions rendered by him in good faith;
7. Approve and render to OWNER certificates of payments to Contractor in accordance with the terms of the construction contract;
8. Check detailed construction drawings and shop and erection drawings submitted by Contractor for compliance with design concept;
9. Preparation of As-Built drawings of projects;
10. Change orders will be approved only by OWNER and project manager;
11. Engineer shall perform work in a reasonable amount of time for a project of this type and size.

D. SPECIAL SERVICES

Included as special services are the following:

1. Soil Investigations, including soil borings, related analysis and recommendations;
2. Detailed mill, shop and/or laboratory inspection of materials and equipment;
3. Land surveys, including establishment of boundaries and monuments and related office computations and drafting and right of way maps;
4. Field surveys, photogrammetry and field layouts of construction;

ITEM I

5. Technical inspection of construction by a full time resident engineer or inspector and supporting staff as required who will inspect upon agreement between OWNER and ENGINEER. OWNER may hire its own inspectors if it so desires;
6. Additional copies of reports, contract drawings, and documents above those required for the basic services provisions;
7. Assist OWNER as expert witness in litigation arising from the development or construction of the project;
8. Additional or extended services made necessary due to Acts of God or other causes during construction and/or default by Contractor;
9. Additional services required due to re-bidding or other expenses imposed on ENGINEER due to delays or causes beyond his control;
10. Additional or extended services made necessary due to the Contractor's failure to complete the project within the time set forth in the construction contract between the Contractor and OWNER, but limited to services actually rendered after actual construction efforts have extended past the number of days allowed for completion of the contract as set forth in the construction contract between OWNER and Contractor and/or Sub-Contractors.

ARTICLE III – CHARACTER AND EXTENT OF PROJECT MANAGEMENT SERVICES

ENGINEER shall perform the project management services as hereinafter set forth:

1. Confer with Owner to review his desires and requirements.
2. Assist Owner in obtaining the required approvals from Federal, State and Parish Agencies.
3. Assist engineering coordination with contractors, material suppliers, testing labs and utility companies.
4. Assist Owner in monitoring project cost.
5. Coordination of construction scheduling with contractors.
6. Be responsible for the general administration of the project.
7. Provide consultation and advice during the entire project.

ITEM 1

ARTICLE IV – COMPENSATION

A. BASIC SERVICES

Payment to the ENGINEER for basic services under Article II and III.

1. Basic Service Engineering fees for this project shall be 9% of the construction cost for labor and materials and shall be apportioned as follows:
 - (1) Study and Report - 5% of BASIC COMPENSATION
 - (2) Preliminary Phase - 15% of BASIC COMPENSTION
 - (3) Design Phase - 60% of BASIC COMPENSATION
 - (4) Construction Phase - 20% of BASIC COMPENSATION
2. Survey and base map preparation fee under Article III-D-3 shall be 2.5% of the construction cost for labor and materials.
3. Resident inspection service fee under Article III-D-5 shall be 3.5% of the construction cost of labor and material.
4. Payments shall be made monthly on estimates of progress of that portion of the Engineering work which has been performed and adjusted to the construction bid price, then again to the final construction value, if applicable.
5. Project construction cost to be used as a basis for payment under this contract shall be based on one of the following sources with precedence in the order listed:
 - (a) For Work designed or specified and incorporated in the completed Project, the actual final cost of the Work performed by the Contractor.
 - (b) For Work designed or specified but not constructed, the lowest bona fide Bid received from a qualified bidder for such Work; or if the Work is not bid, the lowest bona fide negotiated proposal for such Work.
 - (c) For Work designed or specified but not constructed upon which no such Bid or proposal is received, ENGINEER'S most recent opinion of probable Construction Cost.

B. SPECIAL SERVICES

1. Payments for Special Services shall be based upon salary cost plus a multiplier of 1.5.
2. Salary cost shall be defined as the cost of salaries (including sick leave, vacation and holiday pay applicable thereto) of

ITEM 1

Engineers, Draftsmen, Stenographers, Surveyors, Clerks, etc. for time directly chargeable to the project, plus unemployment, excise and payroll taxes and contributions to Social Security, Employment Compensation, insurance, retirement benefits and medical insurance.

3. In the event that OWNER desires to perform certain phases of public work with its own forces, Special Services and specific items of work will be performed on an Hourly Basis as outlined above as Special Services.

C. DIRECT NON-SALARY EXPENSES

Necessary non-salary expenses as defined in Section 5, Article III of the American Society of Civil Engineers Guide for Engineering Services, Manual No. 45, Revised 1972, a copy of which follows:

"Direct non-salary expenses usually incurred in such engagements may include the following:

- (a) Living and traveling expenses of employees, partners and principals when away from the project.
- (b) Identifiable communication expense such as long distance telephone, telegraph, cable, express charges and postage, other than for general correspondence.
- (c) Services directly applicable to the work, such as special legal and accounting expenses, computer rental and programming cost, special consultants, borings, laboratory charges, commercial printing and binding and similar costs that are not applicable to general overhead.
- (d) Identifiable drafting supplies and stenographic supplies and expenses, as distinguished from such supplies and expenses applicable to two or more projects.
- (e) Identifiable reproduction costs applicable to the work, such as blue printing, photostating, xeroxing, mimeographing, printing, etc.

These expenses which seldom can be determined in advance with any degree of accuracy, are reimbursed by the OWNER at actual cost, plus a nominal service charge of 10%."

ITEM 1

ARTICLE V – INSURANCE

ENGINEER shall carry the amount of workmen's compensation insurance and public liability, property damage and automotive vehicle insurance generally required by Lafourche Parish. ENGINEER shall comply with all requirements of federal, state and local laws. A schedule of currently required insurance coverages is detailed on Exhibit B.

ARTICLE VI – SOURCES OF FEES

All fees paid herein shall be payable out of the respective Road Sales Tax District accounts and payment shall be contingent on whether sufficient funds for payment are in existence at the time the debt is incurred.

ARTICLE VII – OWNERSHIP OF DOCUMENTS

Original drawings and specifications as instruments of service are the property of ENGINEER whether the work for which they are made is executed or not. As heretofore specified in the Agreement, OWNER shall be furnished copies of these drawings and specifications and reproductions of working drawings; however, the said copies shall remain the property of ENGINEER. OWNER shall be entitled to maintain copies of all plans and specifications for their own use only.

ARTICLE VIII – TERMINATION OF CONTRACT

- A. This contract shall remain in effect until the completion of project awarded; however, either party may elect to cancel upon first giving thirty (30) days written notice of its intention to so cancel.
- B. However, in the event that all other engineering services are terminated as provided above, after the commencement of the design phase of a construction project, then it is agreed that ENGINEER will furnish the engineering services provided in Article II, until the termination of the construction phase for the particular construction project.

ARTICLE IX – SUCCESSORS AND ASSIGNMENTS

Neither OWNER nor ENGINEER shall assign their rights or interest herein without a written agreement. The provisions herein shall be binding on the parties hereto, their successors or assigns.
