### **Babin Appointed as Public Works Director**

Kerry Babin has been appointed as the new Director of Public Works for Lafourche Parish Government. The Lafourche Parish Council ratified Parish President Charlotte Randolph's appointment of Babin at Tuesday's meeting.

Babin previously worked for the Lafourche Parish Government Department of Public Works as a Compliance Officer from January to November of 2009, a position he accepted after coming out of retirement.

Babin said he felt it was his "civic responsibility" to apply for the Public Works Director position.

"I feel that with my experience, I will help bring stability and focus to this department," said Babin. "I look forward to working with the administration to help make Lafourche Parish a better place to live."
