Additional Training Sessions Scheduled for the “Vessels of Opportunity” Program

Training sessions have been scheduled at the Larose Civic Center (307 E. 5th Street, Larose) for captains and deckhands who are interested in working through the “Vessels of Opportunity” program. Two training sessions are scheduled for Tuesday, June 1 at 8:00 A.M. and at 1:00 P.M.

Each session takes a minimum of 4 hours to complete and is free of charge. Each class is limited in size, so they will be formed on a first-come, first-served basis.

BP’s “Vessels of Opportunity” program is employing local residents to work around Lafourche Parish in response to the Deepwater Horizon oil spill. This training session is required for all captains and deckhands participating in this program.
