Lafourche Parish Update: LA-1 Now Open South of Golden Meadow Floodgate; School Resumes Tuesday

LA Highway 1 is now open to all traffic south of the floodgate in Golden Meadow. Motorists are asked to use caution and drive slowly in areas where water still covers the road.

LA 308 at Lafourche Crossing and LA 24 at LA 3235 were also re-opened earlier today. Pontoon bridges in Valentine, Larose and Bayou Blue remain closed to vehicular traffic due to high water.

The Lafourche Parish School Board has announced that school will resume as normal on Tuesday, September 6.

The American Red Cross shelter at the Larose Civic Center has been closed.

Regularly-scheduled trash collection resumed today parish-wide as planned.
