## PRESS RELEASE

For Immediate release: October 3, 2006  
For more information contact:  
Name: David Poincon  
Phone: (985) 537-7603

### **Permits Department Temporarily Closes to Implement New Software**

The Permits office of Lafourche Parish Government will be closed from October 10 through the 12 to allow the implementation of new permits software and staff training, and again on October 31 for further training.

The modular nature of the MUNIS financial software, allows different portions to be implemented as they are tailored to the needs of parish government. The permits module is the latest module to be completed and will be implemented while Permits closes. During the closure, the employees of the Permits office will be trained by MUNIS professionals on the new module.

Since June 1, 2005, Lafourche Parish Government has been using this new financial software. This software is part of Lafourche Parish Government's technology upgrade.

The new software will allow the employees handling permits to easier process paperwork and project worksheets and access permit information.

For further information contact David Poincon at (985) 537-7603.
