Lafourche Parish Government Sanitarian in Raceland

Lafourche Parish Government now has a Board of Health employee available to the public at Sondra Barrios Building in Raceland. The sanitarian is available between 8:30 a.m. and 10:30 a.m., Tuesday and Thursday. This sanitarian is available to begin the process of sewerage permits for the central Lafourche area.

Officials with Lafourche Parish Government believe the addition of this person will help to speed up the permitting process as a whole. In addition to initiating sewerage permits, the sanitarian will also provide a courier service between this satellite location and the main Health Unit in Thibodaux. Residents may drop off any paper work needing to be processed through the Thibodaux office at this location.

“The geography of our parish makes travel an issue for some residents,” said Parish President, Charlotte Randolph. “We requested this person be available in our Raceland office to better serve the residents of the central Lafourche area.”

A similar satellite office has been operating the Galliano area for some time, providing the similar services to the residents of the southern portion of Lafourche Parish. A sanitarian is available at that office between 8:00 a.m. and 10:00 a.m., Tuesday and Friday. Health Unit officials feel that the Raceland office will be a similar success.

To ensure residents can begin the sewerage permitting process when they arrive at one of the offices, they are asked to have a legal description and proof of ownership of the property the permit will be granted for. Residents may also pick up copies of information available at the Thibodaux Health Unit.

For further information contact the Lafourche Parish Health Unit at (985) 447-0954 or 1-800-693-6745.
