Lafourche Parish Email Down for Scheduled Maintenance

Beginning Thursday, December 18, 2008, all Lafourche Parish Government email accounts will be inaccessible due to scheduled maintenance of our mail server. This downtime is expected to last until the morning of Wednesday, December 23, 2008. Delivery of messages to all of our lafourchegov.org email addresses will be suspended during this time. This includes webmail messages sent from our various 'Contact Us' pages, Lafourche Parish Animal Shelter adoption applications, Lafourche Parish Boards and Commissions inquiries, Employee of the Month submissions and Work Order requests.

During this period any urgent correspondence should be relayed by phone or fax to the intended department or should be hand delivered to our offices in Thibodaux at 402 Green Street or in Mathews at 4876 Hwy 1. Please refer to our Departments Directory at www.lafourchegov.org/lafourchegov/Departments.aspx for department contact information.

A follow-up press release will be issued when the server maintenance is complete and email services have been restored.
