

CHAPTER 17

MOTOR VEHICLES AND TRAFFIC

Sub-Chapter A -- Traffic Regulations, In General

Sub-Chapter B -- Abandoned Motor Vehicles

Sub-Chapter A

Traffic Regulations, In General

SECTION 17:1. ADOPTION OF LOUISIANA HIGHWAY REGULATORY ACT

Pursuant to the authority conferred by LRS 32:42, the provisions of LRS Title 32, Chapter 1, commonly referred to as the "Louisiana Highway Regulatory Act", as amended, and all regulations of the State Department of Highways and the Director of Public Safety adopted pursuant thereto which govern the operation of motor vehicles, traffic, and streets are hereby adopted and made applicable to the operation of motor vehicles, traffic, and streets within the Parish of Lafourche, other than on state maintained highways and inside the incorporated municipalities, except as such are in conflict or inconsistent with the provisions of this Sub-Chapter and except such as by their nature are inapplicable.

Comment -- Over the years, the Police Jury had adopted numerous ordinances providing traffic regulations in the parish. Many of these were determined to be obsolete, conflicted with one another and were at variance with state laws dealing with similar subjects. Prior to adopting this codification, the Police Jury directed that its traffic regulations be completely revised as herein set forth. This Sub-Chapter, therefore, represents a general revision to those earlier ordinances. New ordinances adopted since the time of the original codification have also been added.

SECTION 17:2. DUTY OF OPERATORS TO COMPLY WITH HIGHWAY REGULATORY ACT; REQUIREMENTS FOR VEHICLES; DRIVER'S LICENSE REQUIRED

A. It shall be the duty of persons owning, operating, or having in charge or under their control or custody any vehicle including a bicycle or motorcycle, upon the streets, highways and roads of this Parish, and of all pedestrians, to observe and conform to the provisions, rules, and regulations of the Highway Regulatory Act as supplemented by the provisions of this Sub-Chapter and any other ordinance of this Police Jury providing with respect thereto and they are subject to the penalties imposed by this Sub-Chapter if they do not observe and comply with such rules and regulations.

B. It shall be unlawful to operate any vehicle on any public way in this Parish which does not fully comply with all of the requirements of the Louisiana Highway Regulatory Act pertaining to lights, brakes, other equipment, safety devices, inspection, construction or maintenance.

Comment -- See LRS 32:51, 32:52 and 32:53 for similar state law requirements.

§ 17:4

SECTION 17:3. DEFINITIONS

For the purpose of this Sub-Chapter, the words and phrases used in the Louisiana Highway Regulatory Act shall have the meaning ascribed to them in LRS 32:1, with the exception that:

1. Where the words "**Department**" or "**Department of Highways**" are used, they shall be deemed to include the Police Jury of the Parish of Lafourche unless the meaning clearly indicates otherwise;
2. Where the words "**Department of Public Safety**" are used, they shall be deemed to include the Police Jury, the Sheriff and the Sheriff's Department of the Parish of Lafourche, unless the meaning clearly indicates otherwise.

SECTION 17:4. PARISH COUNCIL TO INSPECT STREETS AND BRIDGES AND REGULATE MAXIMUM TONNAGE ALLOWED THEREON; PENALTIES FOR VIOLATION

A. The Parish Council shall inspect or shall cause to be inspected all streets, lanes, public ways and bridges outside of the incorporated municipalities of the Parish, other than state maintained highways and shall prescribe the necessary regulations and the maximum vehicular tonnage permitted for travel thereon.

B. The Parish Council shall be responsible for seeing that clear and understandable signs are erected at the entrance, or entrances to said streets, lanes, public ways and bridges designating the prescribed regulations and maximum tonnage of any vehicle traveling thereon.

C. Any person traveling upon any street, lane, bridge or public way in violation of such prescribed regulations and maximum tonnage shall be condemned to pay all damages to said streets, lanes, and public ways caused by him and to also be subject to the penalties provided for in Section 17:96 of this Chapter.

Comment -- Over the years, the Police Jury had enacted legislation providing weight limitations on particular roads and parts of roads. These included, for example, a Resolution of April 9, 1969, dealing with the Percy Brown Road, and a Motion of November 25, 1975, dealing with East Seventh Street. Also see Ordinance No. 1204, adopted August 10, 1977, limiting vehicle weights on West 216th Street and West 217th Street in Galliano. More recent ordinances include Ord. No. 1850 (9/14/88), dealing with Market Street, St. Louis Street, Ayo Street and St. Phillip Street; Ord. No. 1862 (1/11/89), West 23rd Street; Ord. No. 1907 (10/26/89), Belle Terre and Bayou Onion Lane; Ord. No. 1910 (11/30/89), Constant Drive; Ord. No. 1959 (1/9/91) East 7th Street; Ord. No. 1060 (1/9/91), West 107th Street; and Ord. No. 2004 (12/11/91), West 217th Street. Ordinances No. 1915 (10/25/90) and 2010 (1/8/92) established the load limits on a number of bridges in the parish. In view of the general provisions set forth above, authorizing and directing the Police Jury to establish such limitations, the specific provisions of those special limited application resolutions were not included in this codification. In the publication of the Third Edition of the Code, however, it was deemed appropriate to begin codification of the limited application ordinances.

For regulations pertaining to streets generally, see Chapter 25, this Code.

SECTION 17:5. COMPLIANCE WITH FHWA/DOTD REQUIREMENTS FOR DETERMINING LOAD CAPACITIES OF PARISH BRIDGES

A. The Parish will comply with all FHWA/DOTD requirements regarding performance of interim inspection, calculating the load carrying capacity and load posting deficient and structurally upgraded bridges under their jurisdiction in a timely manner for the general welfare and safety of the driving public as well as protecting the structural integrity of the parish owned bridges.

B. The necessary placement of “Load Limits” signs shall be erected on parish bridges by the Lafourche Parish Department of Public Works in compliance with FHWA/DOTD requirements. The posted “Load Limit” shall be determined by FHWA/DOTD or may be stricter, if deemed necessary by the Lafourche Parish Department of Public Works.

C. It shall be unlawful for any person to operate or drive any motor vehicle upon any parish owned bridges which has a weight greater than the posted “Load Limit” sign.

D. The Sheriff of this Parish and the Louisiana Department of Public Safety are hereby specifically requested to assist in the enforcement of the provisions of this section.

E. Any person who violates the provisions of this section shall, upon conviction thereof, be punished by imprisonment in the parish jail for a period of not more than thirty (30) days, or by fine of not more than five hundred dollars (\$500.00) or by both such imprisonment and fine, at the discretion of the court.

(Ord. No. 2281, 1/11/95)

Comment -- Ordinance No. 2281 also repealed the provisions of Ordinance No. 1951 which established load limits on various bridges throughout the Parish.

(Ord. No. 2668, 10/13/98)

SECTIONS 17:8 - 17:14. RESERVED

SECTION 17:15. MAXIMUM SPEED LIMIT ESTABLISHED

No motor vehicle shall be operated on any of the parish roads within this parish at a speed in excess of fifty-five (55) miles per hour. This in no way affects any other enactments establishing maximum speed below fifty-five (55) miles per hour. (Res. of 1/24/74)

SECTION 17:16. ESTABLISHMENT OF SPEED ZONES; GENERALLY

Whenever the Parish Council shall determine, upon the basis of an engineering or traffic investigation, that any maximum speed limit set forth in Section 17:15 above is greater or less than is reasonable or safe under the conditions found to exist upon any street, road or public way within the Parish, or any part thereof, it may declare a reasonable and safe maximum speed limit there at, which when appropriate signs giving notice thereof are erected, shall be effective at all times or at such specific times as may be determined by the said Parish Council.

Comment -- Over the years, the Police Jury/Parish Council has enacted numerous ordinances establishing special traffic regulations, creating speed zones, designating stop and yield intersections and one-way streets and limiting parking on certain streets or parts of streets. Such regulations, for example, may be found in Ordinance No. 848, 1116, 1127, 1130, 1150, 1164, 1205, 1209, 1219, 1121, 1242, 1263, 1407, 1409, 1415, 1417, 1424, 1431, 1454, 1457, 1458, 1459, 1465, 1466, 1467, 1475, 1476, 1497, 1499, 1503, 1507, 1508, 1514, 1540, 1545, 1546, 1564, 1574, 1575, 1576, 1577, 1578, 1586, 1590, 1599, 1600, 1607, 1619, 1620, 1621, 1626, 1627, 1628, 1636, 1649, 1653, 1654, 1655, 1656, 1657, 1658, 1660, 1661, 1663, 1664, 1666, 1667, 1678, 1680, 1681, 1682, 1688, 1740, 1766, 1768, 1773, 1775, 1784, 1788, 1793, 1834, 1835, 1847, 1859, 1860, 1862, 1863, 1868, 1871, 1875, 1888, 1893, 1901, 1902, 1919, 1924, 1927, 1940, 1942, 1943, 1950, 1957, 1958 and 1964.

In view of the general authorizations set forth in this Chapter, giving the Police Jury/Parish Council the right to establish such regulations and requiring compliance therewith whenever appropriate signs are set in place to inform the motoring public, the specific requirements of those limited application ordinances were not included in the previous compilations to obviate the need to amend this publication every time a new such regulation is adopted. In the publication of the Third Edition to this Code, however, it was deemed appropriate to begin codification of the limited application ordinances. These limited application ordinances are codified in § 17:18.

SECTION 17:17. ADDITIONAL SPEED LIMITATIONS

In addition to the specific speed limitations herein provided or authorized, no person shall drive a vehicle on any street or public way within this Parish at a speed greater than is reasonable and prudent under the conditions and potential hazards then existing, having due regard for the traffic on, and the surface and width of the street or public way on which he is traveling, and the conditions of the weather.

SECTION 17:18. SPECIFIC SPEED LIMITS ESTABLISHED

A. It shall be unlawful for any person to operate or drive any motor vehicle on the following streets at speeds in excess of the following limitations; and, speed limit signs shall be erected and maintained along such roadways to create and maintain such speed limit.

This exemption shall not, however, protect the driver, owner, operator of any such vehicle from the consequences of reckless disregard of the safety of others.

C. ***Violations/Penalties.*** Any person who violates the provisions of this section shall, upon conviction thereof, be punished by imprisonment in the parish jail for a period of not more than thirty (30) days, or by fine of not more than five hundred dollars (\$500.00) or by both such imprisonment and fine, at the discretion of the Court.

SECTIONS 17:19. RESERVED

SECTION 17:20. AUTHORITY OF PARISH COUNCIL TO INSTALL TRAFFIC CONTROL SIGNALS

The Parish Council may provide for the procuring, erection and maintenance of traffic-control signals exhibiting the words "Go", "Caution" or "Stop" or exhibiting different colored lights successively one at a time, or with arrows, or directing pedestrians to "Walk", "Don't Walk" or "Wait", or exhibiting flashing red, yellow or amber lights, and it shall be unlawful to fail to comply with any such signals in the manner provided by LRS 32:232, 32:233, and 32:234; provided however, that vehicles may turn right on a red or "Stop" signal, after coming to a complete stop and yielding the right-of-way to conflicting vehicles or pedestrians, if there is in place at the location a sign or marking authorizing such turns.

Comment -- See note following Section 17:16.

SECTION 17:21. TRAFFIC CONTROL DEVICES ON STATE HIGHWAYS,

No local municipal or parish authority shall place or maintain any traffic control device upon any state maintained highway without having first obtained the written approval of the state highway department. (LRS 32:235C)

Comment -- The above Section and several other sections in this Sub-Chapter were derived from the Louisiana Highway Regulatory Act and not from local ordinances. They are, however, self-operative and add to the matters of law herein presented, and therefore were included herein for the convenience of the user. For source, see note at the end of each section.

SECTION 17:22. SPECIFICATIONS FOR TRAFFIC CONTROL DEVICES

Local municipal and parish authorities in their respective jurisdiction shall place and maintain such traffic control devices upon highways under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of this Chapter, regulations of the department and the director of public safety adopted pursuant hereto, and local traffic ordinances adopted pursuant to the authority granted by R.S. 32:41 and 32:42. All such traffic control devices hereafter erected shall conform to the department's manual or specifications. If any such device hereafter erected by a political subdivision of this state fails to conform to the manual or specifications, payment of any funds allocated to said political subdivision of this state shall be withheld by the department of highways until such time as the standards established by the department are complied with. (LRS 32:235B)

Comment -- See note following Section 17:21.

SECTION 17:23. TRAFFIC CALMING POLICIES & PROCEDURES:

The Lafourche Parish Government and the Lafourche Parish Sheriff's Office have developed policies and procedures for Traffic Calming, including criteria in order for Traffic Claming Devices to be installed in a neighborhood. This section discusses policies, procedures, and criteria for Traffic Calming.

§ 17:23

A. REQUEST:

To initiate the process a homeowner may call the Lafourche Parish Government or the Sheriff's Office to discuss perceived traffic problems in the neighborhood. The homeowner shall then be sent a Traffic Calming Initiation Packet which describes traffic calming and lists its goals and objectives. The packet also contains problems, and the names of five (5) to ten (10) other homeowners who will form a traffic calming project steering committee. Exhibit A and D.

B. APPLICATION AND PETITION

The homeowner is asked to complete the application and return it to the Lafourche Parish Government or the Lafourche Parish Sheriff's Office. When the application is completed and returned, the Lafourche Parish Government or the Lafourche Parish Sheriff's Office Staff shall establish the boundaries for the project. As part of the application packet, the neighborhood representatives are also given a Petition to Initiate Traffic Calming. This petition shall be distributed by the neighborhood representatives for signature by fifty (50) percent of the homeowners within the boundaries identified. IF the petition is successfully completed, staff will work with the representatives on the proceeding steps in the Traffic Calming process. The application and petition are included as Exhibit A and B.

C. COLLECTION OF DATA:

After deeming the petition to be successful, staff will begin collecting neighborhood traffic data. The collection of data may include but is not limited to road tube counts, speed studies, traffic turning movement counts, crash reports, roadway widths, and regulatory signage.

D. ANALYSIS OF DATA:

The collected data is analyzed to determine whether the neighborhood meets or exceeds the established evaluation criteria for traffic calming using the following procedures:

1. **CUT THROUGH TRAFFIC:** Road tube counts are used to determine the amount of vehicles entering and exiting the neighborhood. The number of houses in the study area is determined. The average trip ends, per dwelling unit, per day is multiplied by the amount of homes in the neighborhood to determine the expected amount of traffic entering/exiting the neighborhood per day. This number is compared to the actual amount of vehicles entering/exiting the neighborhood (road tubes counts) to determine the amount of projected non study area generated traffic, or "cut through" traffic. (See Example #1 below).
 - Example #1: Total vehicles entering/exiting neighborhood per day (from road tube counts) = 3,904
 - Road Tube Count ÷ Number of houses = Trip Ends/Dwelling Unit/day
 - Locations: A: $231 \div 23 = 10.04$; B: $304 \div 24 = 12.67$; C: $263 \div 25 = 10.52$
 - Average Trip Ends/Dwelling Unit/Day = 341
 - Vehicles expected to enter/exit neighborhood per day = $11.08 \times 341 = 3,778$
 - Amount of non-local traffic = $3904 - 3778 = 126$ vehicles per day
 - Calculated Non-Local Traffic = $(126 \div 3778) * 100 = 3.3\%$
 - *Criteria to determine if a problem exists:* On residential streets the calculated non-local traffic must exceed 15% of the calculated vehicles expected to enter/exit the neighborhood per day in order to meet the criteria for traffic calming measures.
2. **SPEED:** The speeds from the data collected are compared to the posted speed limit. If the 85th percentile of the vehicles are going seven (7) mph over the speed limit the criteria for traffic calming is met. Additionally if the 95th percentile of the vehicles are going ten (10) mph over the speed limit the criteria could be considered met.

3. **CRASHES:** If there are four (4) or more reported intersection or spot location crashes within a year on a street in the neighborhood, the criteria for traffic calming is met.

E. CHARRETTE 1- STAFF MEETS WITH NEIGHBORHOOD REPRESENTATIVES:

The Lafourche Parish Government or the Lafourche Parish Sheriff Office Staff shall meet with the traffic calming project steering committee to discuss the results of the traffic studies. If the neighborhood meets the criteria for traffic calming, then staff and the neighborhood representatives discuss the traffic problems. The neighborhood representatives develop a few solutions using traffic calming techniques.

F. ANALYZE POSSIBLE SOLUTIONS:

The Lafourche Parish Government or the Lafourche Parish Sheriff's Office staff shall review the solutions developed by the neighborhood representatives. At this time staff shall contact the neighborhood representatives in order to discuss the outcome of the review of the proposed solutions.

G. CHARRETTE 2- FIRST NEIGHBORHOOD MEETING:

A letter shall be sent to every homeowner within the boundary of the neighborhood study area informing them of a meeting time, date, and location. The purpose of the meeting is to brief homeowners on traffic calming, discuss completed studies, identify traffic calming concepts, and to allow the homeowners to determine possible solutions to their neighborhood traffic problems. The homeowners will, with input from staff, define the objectives of the project, i.e. what decrease in speeds or volumes do they expect the traffic calming project to accomplish. The Lafourche Parish Government and the Lafourche Parish Sheriff's Office feel that it is important for all affected homeowners to participate in developing a plan they can call their own. Neighborhood homeowners are therefore encouraged to furnish their input on the plan. Possible solutions and funding shall also be discussed at the meeting.

H. ANALYZE SUFFESTIONS FROM RESIDENTS:

The Lafourche Parish Government or the Lafourche Parish Sheriff's Office staff shall analyze possible solutions from homeowners while working with emergency services. These preliminary solutions will be compiled into a single plan.

I. PROPOSED PLAN AND PETITION SENT TO THE NEIGHBORHOOD RESIDENTS:

A meeting shall be held with the homeowners within the boundaries of the neighborhood. The plan being proposed by the Lafourche Parish Sheriff's Office will be discussed. The Lafourche Parish Sheriff's Office will get approval or disapproval of the proposed plan. If more than sixty-six (66) percent of the homeowners indicate approval of the plan as presented, the plan will be considered approved and will continue on to the next step. If less than sixty-six (66) percent of the homeowners indicate approval of the plan, there will be a follow up meeting with the homeowners to determine if a consensus of opinion can be reached. (Exhibit C is a copy of the petition).

J. REPORT TO LAFOURCHE PARISH COUNCIL:

Once the petition process is completed and the plan is approved by sixty six (66) percent of the homeowners, a written report detailing the Traffic Calming plan will be submitted to the Lafourche Parish Council for approval.

K. INSTALLATION OF TRAFFIC CALMING DEVICES:

Upon successful completion of the petition, permanent traffic calming devices are installed pending appropriate funding is available.

- C. *Violations/Penalties.* Any person who violates the provisions of this section shall, upon conviction thereof, be punished by imprisonment in the parish jail for a period of not more than thirty (30) days, or by fine of not more than five hundred dollars (\$500.00) or by both such imprisonment and fine, at the discretion of the court.

SECTION 17:27. STOP AND YIELD SIGNS, REQUIREMENTS

- A. Preferential right of way at an intersection may be indicated by stop signs or yield signs.

B. Except when directed to proceed by a police officer or traffic-control signal, every driver and operator of a vehicle approaching a stop intersection indicated by a stop sign shall stop before entering the cross walk on the near side at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. After having stopped, the driver shall yield the right of way to all vehicles which have entered the intersection from another highway or which are approaching so closely on said highway as to constitute an immediate hazard.

C. The driver or operator of a vehicle approaching a yield sign shall slow down to a speed reasonable for the existing conditions, or shall stop if necessary, before entering the crosswalk on the near side of the intersection, or in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. Having slowed or stopped in this manner, the driver shall yield the right of way to any pedestrian legally crossing the roadway on which he is driving, and to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard. (LRS 32:123)

**SECTION 17:28. CUTTING CORNERS TO AVOID TRAFFIC SIGNALS OR SIGNS
PROHIBITED**

No person operating a motor vehicle of any nature in the Parish shall drive through filling stations at intersections of streets or cut corners at intersections of streets, for the purpose of evading the stop or wait required by electronic traffic lights, traffic signals or signs of any kind used at street intersections in the Parish.

SECTION 17:29. RESERVED

SECTION 17:30. AUTHORITY OF PARISH COUNCIL TO DESIGNATE ONE-WAY STREETS

The Parish Council may from time to time designate specified streets or portions of streets for one-way traffic only. Appropriate signs shall be erected giving notice of such designation, and vehicles operated thereon shall be driven only in the direction designated, and a vehicle shall be driven as nearly as practicable, entirely within a single lane of traffic and shall not be moved from such lane of traffic until the driver has first ascertained that such movement can be made with safety.

Comment -- See note following Section 17:16.

SECTION 17:31. ONE-WAY STREETS ESTABLISHED

 14. Upon any bridge or other elevated structure upon a highway or within a highway tunnel;
 15. At any place where official signs prohibit such;
 16. Any place where parking will obscure or obstruct visibility of any traffic control device.
- B. No person shall move a vehicle not lawfully under his control into any such prohibited area or away from curb such a distance as is unlawful. (LRS 32:143)

(Amended by Ordinance No. 3455, 7/13/04)

SECTION 17:42. ADDITIONAL PARKING REGULATIONS

In addition to the general parking restrictions provided above and provided by the Highway Regulatory Act in LRS 32:143 et seq., which are hereby adopted by reference, the Parish Council may from time to time prohibit parking at specified places and/or times; or regulate the length of time a vehicle may remain parked; or regulate, limit or restrict the manner of parking; and it shall be the duty of the Parish to install and maintain appropriate signs, signals or markings giving notice of such regulations or restrictions. It shall be unlawful to fail to comply with the directions of any such sign or marking.

Comment -- See note following Section 17:16.

SECTION 17:43. PARKING IN PROHIBITED AREAS; GENERALLY; VIOLATIONS; PENALTIES

A. It shall be unlawful for any person to park a vehicle of any kind between places designated by the parking of signs as prohibited; and any other parking in violation of the parking signs; or injury to or moving the parking signs shall likewise be violating the law, Parish of Lafourche, State of Louisiana.

B. The Sheriff of this Parish is hereby specifically requested to assist in the enforcement of the provisions of this Section.

C. Any person who violates the provisions of this Section shall, upon conviction thereof, be punished by imprisonment in the parish jail for a period of not more than thirty (30) days, or by fine of not more than five hundred dollars (\$500.00) or by both such imprisonment and fine, at the discretion of the court.

(Ord. No. 2413, 5/28/96)

SECTION 17:44. PARKING REGULATIONS, EXCEPTIONS FOR DISABLED VEHICLES

The provisions of this Sub-Chapter shall not apply to the driver of any vehicle that is disabled, so as to make it impossible to avoid stopping and leaving the vehicle thus parked. However, the driver shall remove the vehicle as soon as possible and not later than thirty-six (36) hours and until it is removed, it is his responsibility to protect traffic on such street or road.

SECTION 17:45. OFFICERS AUTHORIZED TO REMOVE ILLEGALLY PARKED VEHICLES

Any deputy sheriff or police officer who finds a vehicle illegally parked on a street, lane or alley which obstructs traffic or creates a hazard, is hereby authorized to move it, have it moved, or to require the person in charge of such vehicle to move it.

Comment -- See Sub-Chapter B, this Chapter, for regulations governing removal of abandoned automobiles.

SECTIONS 17:53 - 17:59. RESERVED

SECTION 17:60. OPERATING A VEHICLE WHILE INTOXICATED PROHIBITED

A. No person shall operate a vehicle while intoxicated.

B. Operating a vehicle while intoxicated is the operating of any vehicle, aircraft, vessel or other means of conveyance by a person under the influence of alcoholic beverages, narcotic drugs, central nervous system stimulants, hallucinogenic drugs or barbiturates.

Comment -- See LRS 14:98 for similar state law offense. In 1970, the Louisiana Legislature enacted a statute which has been codified as LRS 13:1894.1, providing that from that point on, notwithstanding any local law to the contrary, all violations for the offense of driving while intoxicated (DWI) should be brought or cited under the state law offense, LRS 14:98.

SECTION 17:61. OPERATING A VEHICLE RECKLESSLY PROHIBITED

A. No person shall operate a vehicle recklessly.

B. Reckless operation of a vehicle is the operation of any motor vehicle, aircraft, vessel, or other means of conveyance in a criminally negligent or reckless manner. Criminal negligence or recklessness exists when, although neither specific or general criminal intent is present, there is such disregard of the interest of others that the offender's conduct amounts to a gross deviation below the standard of care expected to be maintained by a reasonably careful man under like circumstances.

Comment -- See LRS 14:99 for similar state law offense.

SECTION 17:62. OPERATING A VEHICLE, DEFECTIVE PERSONS

No person who is mentally or physically deficient or who is under the influence of liquor, narcotics, drugs or medication to such an extent that his ability to safely operate a vehicle is impaired shall not be permitted to operate any such vehicle upon the streets of this Parish.

SECTION 17:63. DUTIES OF OPERATOR WHEN INVOLVED IN AN ACCIDENT

In case of an accident resulting in injury or damage to any person or property in the parish through the operation of any vehicle, the person operating such vehicle shall stop and give such reasonable assistance as can be given and shall give his name and address, and if not the owner of the vehicle, he shall give the name and address of the owner to the injured persons or to any person who may request it. He shall also give the registered license number of the vehicle and shall make reports thereof in the manner required by law.

SECTION 17:64. HIT AND RUN DRIVING PROHIBITED

A. Any person who is involved in an accident as provided in Section 17:63, who fails to stop shall be guilty of the crime of hit and run driving.

B. Hit and run driving is the intentional failure of the driver of a vehicle involved in or causing any accident, to stop such vehicle at the scene of the accident, to give his identity and to render reasonable aid. To give his identity, for the purpose of this section, shall mean that the driver of any vehicle involved in any accident shall give his name and address, and the license number of his vehicle, or shall report the accident to the police.

Comment -- See LRS 14:100 for similar state law offense.

SECTIONS 17:65 - 17:69. RESERVED

SECTION 17:70. OBEDIENCE TO POLICE OFFICERS AND TRAFFIC CONTROL DEVICES

A. No person shall fail or refuse to comply with any lawful order or direction of any police officer invested by law with authority to direct, control or regulate traffic.

§ 17:99

B. No person shall fail or refuse to comply with the instruction or direction of any traffic-control device which has been erected under authority of this Sub-Chapter or any ordinance of the Parish Council.

SECTIONS 17:71 - 17:94. RESERVED

SECTION 17:95. APPEARANCE UPON ARREST

Whenever any person is arrested for a violation of any provision of this Chapter, the arresting officer shall take his name, address, and the license number of his motor vehicle, and issue a summons or otherwise notify him in writing to appear at a time and place to be specified in such summons and notice, such time to be at least five (5) days after arrest, unless he shall demand an earlier hearing. The person arrested shall, if he so desires, have a right to an immediate hearing or a hearing within twenty-four (24) hours, at a convenient hour, to be before a magistrate within the Parish where such offense was committed. Such officer may, in his discretion, thereupon and upon the giving by such person of his written promise to appear at such time and place, release him from custody, or take him forthwith before a magistrate. Any person refusing to give such written promise to appear, shall be taken immediately by the arresting officer before the nearest or most accessible magistrate having jurisdiction.

Comment -- See LRS 32:391 for similar state law provisions.

SECTION 17:96. PENALTY

Any person violating any of the rules and regulations provided by this Sub-Chapter or of the Louisiana Highway Regulatory Act adopted by reference herein, shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than one hundred dollars (\$100.00), or imprisoned for not more than thirty (30) days, or both fine and imprisonment at the discretion of the court; except that for the operation of a motor vehicle under the influence of intoxicating liquor the offender shall be punished in accordance with applicable state law.

Comment -- See LRS 14:98 for fine schedule for offense of operating a vehicle under the influence of intoxicating liquor.

SECTIONS 17:97 - 17:99. RESERVED

Sub-Chapter B

Abandoned Motor Vehicles

SECTION 17:100. DEFINITIONS

A. The following words and phrases when used in this Sub-Chapter, shall have the meanings herein assigned unless the context clearly indicates otherwise:

1. *"Abandoned Motor Vehicle"* means a motor vehicle that is inoperable and is left unattended on public property for more than five (5) days, or a motor vehicle that has remained illegally on public property for a period of more than five (5) days, or a motor vehicle that has remained on private property without the consent of the owner or person in control of the property for more than five (5) days.

2. *"Department"* means the Louisiana Department of Public Safety.

3. *"Policing Authority"*, or *"Authority"* means, with respect to the City of New Orleans and in all other municipalities and parishes means the police department, sheriff or such other authority as is vested with police authority. All costs or fees arising from seizures in said city shall be transmitted to the city treasurer, to be deposited in the general fund. (LRS 32:471)

Comment -- This and the following Sections of this Sub-Chapter were derived from the Revised Statutes and not from local ordinances. They are, however, self-operative, and add to the matters of law herein presented and were, therefore, included herein for the convenience of the user. For source, see note at the end of each section.

SECTION 17:101. NOTIFICATION OF OWNERS AND MORTGAGE HOLDERS

A. Whenever any motor vehicle is found to be abandoned by the department or any municipality or any parochial authority by reason of the illegal parking or the stationing of such motor vehicle on a public street, way, road or highway within the state, said department, municipality or parochial authority shall send a registered or certified letter, return receipt requested, to the last known address informing him to remove said vehicle within ten (10) working days from date of receipt of notice, as herein provided. The department, municipality or parochial authority shall notify the owner of such vehicle that, in lieu of removal, said owner may remit fifteen dollars (\$15.00), together with a completed certificate of authority to the department, municipality or parochial authority to remove and dispose of said abandoned motor vehicle. The certificate of authority shall be on a form prescribed and furnished by the department, municipality or parochial authority, along with a self-addressed return envelope.

B. If the abandoned motor vehicle is not removed within ten (10) working days from date of receipt of notice and the fifteen dollar (\$15.00) removal fee has not been returned as provided above, the motor vehicle may be removed and disposed of by the department, municipality or parochial authority forthwith, and in such case the department, municipality or parochial authority may assess a penalty in the amount of twenty dollars (\$20.00) for the failure of an owner to remove an abandoned motor vehicle. If the penalty is not paid within thirty (30) days, and upon receipt, from within the department or from any municipality or any parochial authority, of satisfactory evidence of the failure to pay the penalty as assessed, the department shall revoke the

§ 17:102

license of the owner of the vehicle. Upon recommendation from within the department or from any municipality or any parochial authority, the department may suspend or revoke the certificates of registration of motor vehicles owned by persons or corporations who fail to comply with the provisions of this Chapter. The department may continue such suspension or revocation, in its discretion, until the payment of the penalties assessed herein. (LRS 32:475)

SECTION 17:102. ABANDONED MOTOR VEHICLES, DISPOSAL OF UNCLAIMED VEHICLES

A. Whenever any motor vehicle belonging to a known or unknown person has been seized or is otherwise held by any municipality or any parochial authority for illegal parking, stationing, or abandoning of such motor vehicle on the public streets, ways, roads and highways within the state, and the same has not been claimed for a period of six (6) months or more, then a motor vehicle shall be considered as having been abandoned to the municipality or parochial authority and the municipality or parochial authority may dispose of such motor vehicle and collect the costs and charges of removing and storing said vehicle in the following manner:

1. After the six (6) months period has elapsed, the municipality or parochial authority shall send a registered or certified letter, return receipt requested, to the last known owner of said vehicle at his last known address informing him that the municipality or parochial authority is holding said vehicle and will sell said vehicle to the highest bidder unless said owner, on or before the date of sale, claims the vehicle and pays to the municipality or parochial authority all costs and charges imposed by the municipality or parochial authority for the removal and detention of the vehicle. A copy of said letter shall also be sent to any person or firm known to be the holder of a mortgage on said vehicle.

2. Before the sale of any such vehicles, the municipality or parochial authority shall have them appraised by a competent appraiser and shall publish a notice of the proposed sale of said vehicle or vehicles in the official journal of the municipality or parish not less than three (3) times within a ten (10) day period prior to the date of said sale. The published notice shall contain a complete list of the vehicles to be sold, the date and place of said sale, and notification that said vehicles will be sold either individually or in globo to the highest bidder therefor, all in the discretion of the municipality or parochial authority.

3. All funds received from the sale of a motor vehicle under the provisions hereof shall be set aside and placed in a separate account established therefor by the municipality or parochial authority. If, within one (1) year following the date of the sale, the owner or lien holders of any of said vehicles shall present sufficient proof to the municipality or parochial authority of his ownership or lien, the said owner or lien holder shall be entitled to the amount received for his individual vehicle less his pro rata share of the costs and expenses of the sale, as well as all charges and costs due and owing for removal and storage of said vehicle. Any funds not claimed within one (1) year following the date of sale shall be deposited to the general fund of the municipality or parish.

B. This Section shall not apply to municipalities with a population of over 300,000.

C. Parishes are authorized to adopt local ordinances defining derelict or junk vehicles and adopting procedures for the towing away and selling of the same and shall not be required to comply with Section A hereof as to derelict or junk vehicles. (LRS 32:476)

SECTION 17:103. DISPOSITION OF DERELICT OR JUNKED VEHICLES

A. The provisions of Section 17:102 above shall not apply to the disposition of derelict or junked vehicles picked up and impounded by the Police Jury under the procedures herein set forth.

B. The term derelict or junked vehicle as used herein shall mean any motor vehicle which is totally inoperable and is so damaged or dismantled as to be a total loss. The term "total loss" shall mean that the cost to repair damaged or dismantled motor vehicle exceeds the junk value of said vehicle, as determined by any recognized national appraisal book.

C. Any derelict or junked vehicle which is abandoned under the definition of this Sub-Chapter and which is impounded by the Police Jury shall be considered as public property and disposed of by the Parish as the governing authority may designate.

Comment -- For authority of parish governing bodies to adopt special procedures for disposing of derelict or junk vehicles without having to wait for six months as provided in Section 17:102, see LRS 32:476 (C).
