**PUBLIC HEARING AND ORDINANCES FOR RATIFICATION**

The next item (2) on the agenda was an ordinance establishing “No Swimming and No Tying of Boats” to the Leeville Fishing Pier and “No Anchoring within 200 feet of the Leeville Fishing Pier”; Leeville, Louisiana, Parish of Lafourche, State of Louisiana; providing for the placement of “No Swimming and No Tying of Boats” to the Leeville Fishing Pier and “No Anchoring within 200 feet of the Leeville Fishing Pier” signs; and providing penalties for the
violations thereof. A motion was offered by Mr. Lorraine and seconded by Mr. Bourgeois.

Mr. Lorraine said this pier has been built and it’s being used by many people. There are people from Morgan City, Gramercy, Baton Rouge, Gheens, Raceland and Thibodaux. You name it they have it and they are catching a lot of fish. I know nobody likes rules and regulations but we have to establish something. Naturally a no tying of boats on the pier is number one and no swimming off the pier number two. I had a conversation with someone from Baton Rouge yesterday and 200 feet is probably too much. I agreed with him it should be 100 feet. It would be fair to the recreational fisherman and the ones fishing on the pier. I see Mr. Autin turned off his light.

Mr. Autin said I was going to be voting against because that’s a long way to be out of the lights in the water. I think that’s reasonable.

An amendment was made by Mr. Lorraine, to where it says 200 feet change it to “100 feet”, seconded by Mr. LaFont and carried by a vote of (9) yeas, (0) nays and (0) absent.

Mr. LaFont said I measured from the Assessor’s website and 200 feet was almost across the whole canal. I was going to vote against it myself but I think 100 feet is sufficient.

Chairman Perrillioux asked three times if anyone from the public wanted to speak on the amendment. Hearing none, Chairman Perrillioux called for a vote on the amendment and it carried by a vote of (9) yeas, (0) nays and (0) absent.

ORD. NO. 5977 NO SWIMMING AND NO TYING OF BOATS LEEVILLE FISHING PIER

The next item (3) on the agenda was an ordinance establishing “No Overnight Parking of Boats” on all wharves at the Golden Meadow Boat Launch; Golden Meadow, Louisiana, Parish of Lafourche, State of Louisiana; providing for the placement of “No Overnight Parking of Boats” on all wharves at the Golden Meadow Boat Launch signs; and providing penalties for the violations thereof. A motion was offered by Mr. Lorraine and seconded by Mr. Bourgeois.

Mr. Lorraine said what we have here is there are three wharves that were recently built and I was trying to get two wharves built but we were able to get three in. It’s a bad situation there because you have commercial and recreational fisherman. What I did is the last wharf is going to be for the commercial fisherman for loading and unloading and they can move their boat further down the canal. The other two are going to be used for recreational. When they launch their boat they have to walk a good bit to bring their car or truck and instead of leaving their boat there blocking everybody they can move it to the wharf. I will meet there with all of them who park there to let them know. I don’t want any overnight parking on any of these wharves unless someone is broke down.

Mr. Gros stated I was wondering if this came from the Town of Golden Meadow.

Mr. Lorraine said Golden Meadow has nothing to do with the boat launch. That’s a parish boat launch.

Mr. Gros stated, “In the city right?”

Mr. Lorraine said, “In the city. All they furnish is the parking. I will bring the ordinance to the police. The Sheriff’s going to do it, the Harbor Police and hopefully the Town of Golden Meadow.”

Mr. LaFont stated the only concern I have and Councilman Autin and I were discussing it earlier is he was saying a lot of camp owners come back to the front, park their boat for a couple hours and run home or go get supplies. So, who’s going to enforce? Some trawl boats go out at night and tie their boats up in the day. It’s going to be alright for them to tie their boats up in the daytime.
Mr. Lorraine said at night too. Not tying on the wharf. Get on the property. They are not being affected. Commercial just on wharf three. It is mixed here with commercial and recreation. These things are not built for Lafitte skiffs to come in here and bend them and knock them down. I want to save it and they understand. They are going to be treated fairly. The whole option is not to block the launch and keep it moving.

Mr. LaFont stated I don’t want commercial fishermen coming to the next meeting saying we are killing their livelihood.

Chairman Perrillioux asked three times if anyone from the public wanted to speak on the proposed ordinance. Hearing none, Chairman Perrillioux called for a vote, which carried by a vote of (5) yeas, (4) nays – Mr. Jones, Ms. Sposito, Mr. Perrillioux, Mr. LaFont and (0) absent.

RESOLUTIONS

The next item (20) on the agenda was a resolution requesting the Administration to consider placing portalets at all Lafourche Parish boat launches. A motion was offered by Mr. Lorraine, seconded by Mr. Bourgeois.

Mr. Lorraine said we only have one boat launch in the parish that has restrooms and that’s at Port Fourchon and that belongs to the Port. The reason why I requested that is I’ve been getting a few complaints. I think we should try it. If the people don’t take care of them we’ll just pick them up.

Mr. Autin stated I’m not going to be voting in favor of them until we get somebody that will be responsible for each boat launch. Boat launches are very low priority to take care of. I’m not going to vote in favor of putting more items there for maintenance when we are not doing the maintenance that needs to be done now. If this does pass I would respectively ask that it be a handicap portalet.

Mr. Melvin said I can understand the need for bathrooms but we just put a million dollars from BP to pay for garbage how are we going to pay for portalet pickups.

Mr. Gros stated if we had more information on the cost would be or how many at each location. It’s just a little bit too vague.

Mr. Lorraine said I am making a request to the Administration to look into it. I think I was very clear when I said if the people do not take care of it or protect it you pull it out. All I am trying to do is the request the public wants.

Mr. LaFont said I was in the portalet business at one time and you are looking at about $100.00 a portalet per month so basically $900.00 per month for all of them. There are some companies that take really good care of their portalet and some companies take very bad care of their portalets. You are looking at twice a week cleanup and a regular one can be anywhere from $85.00 to $125.00 a week.

Chairman Perrillioux stated I cannot vote for adding more expenses to the parish. The resolution then failed by a vote of (4) yeas, (5) nays – Ms. Sposito, Mr. Gros, Mr. Melvin, Mr. Perrillioux, Mr. Autin and (0) absent.

Mr. Jones asked did DPW give them the authority to fix all that equipment?

Mr. James Barnes, DPW Director, asked what are you talking about?

Mr. Jones said there are several purchase orders, man hours for repairing those excavators, bobcats, van whatever that was not in the ordinance.

Mr. James Barnes stated yes, that’s what we were instructed to do. The batteries, fix the flats, etc.

Mr. Jones asked were you instructed by Risk Management?

Mr. James Barnes, DPW Director, answered no sir.

Mr. Jones asked were you instructed by the Administration?

Mr. James Barnes, DPW Director, answered yes sir to make sure everything would crank and if it had a flat.

Mr. Gros said Mr. Terry Serigny is here and they donated a system for bathrooms. Are we going to take it from Mr. Serigny?

Mr. Tony Breaux, Plans and Permit Director, said I spoke to James and Mr. Jimmy. Terry did donate it to the parish. They did do the bathroom at the facility. All the parish has to do is get piece of equipment down there because it is a large tank to put it on a trailer. I think the Levee District or
somebody down there said we could store it on their facility. So, we have it in case they do a bathroom. It has the tank, the pumps on it, the grating everything.

**Mr. Autin** said are there any updates on the Coroner’s Office on evaluating another location?  
**Mr. Leif Haas**, Parish Administrator, said yes I met with the Coroner’s Investigator Mr. Goldman and later with the bank vice-president. We looked over the bank there in question with the Coroner. I wanted to get the Coroner’s ideas of what they want to put in there, what their ideas were so we could start figuring out what kind of project we are talking about money wise.

**Mr. Lorraine** stated before we do anything with that sewerage treatment plant we need to find out if everything works. If it’s not working or not working good I don’t think we should fool with it.  
**Mr. Tony Breaux**, Plans and Permit Director, said everything on it works. It has everything for the complete system.

**Ms. Sposito** said I’ve been looking through the budget and I didn’t see any money put aside for the Coroner’s Office. Did I miss it?  
**Mr. Leif Haas**, Parish Administrator, said no, there was no money put in the budget as of right now. I just met with them last week.  
**Ms. Sposito** asked Mr. Barnes is Risk Management under you?  
**Mr. James Barnes**, DPW Director, answered no ma’am.  
**Ms. Sposito** asked who is?  
**Mr. James Barnes**, DPW Director, no response was given.  
**Ms. Sposito** asked Mr. Haas or Mr. Jimmy who is?  
**Mr. Leif Haas**, Parish Administrator, answered Risk Management reports to the Parish President.

**COUNCIL REPORTS, PRESENTATIONS, UPDATES AND/OR QUESTIONS**

The next item on the agenda was any reports, updates and/or questions from the Council.  
**Mr. Lorraine** said on October 4, 2017 I became a grandpa. My daughter had a baby on October 4, 2017 named Maria Mae Cheramie. She was named after a grandmother who was killed in an accident about 30 years ago and the baby was born on the Grandmother’s birthday.

**Mr. Autin** said I want to report a vessel across from Bollinger has moved more into the bayou and that one seems to be getting in worse condition. I want to thank Emergency Preparedness Department for their storm interaction this past weekend. I also want to thank the Nuisance Abatement group. As y’all heard on tonight’s agenda there was a lot of structures we are moving on. I want to thank the many Councilmen and the people from Administration that came and helped at the festival this past weekend.  
**Mr. LaFont** stated I just want to let the residents and people that watch this know, on October 27, 28 & 29 at the Larose Civic Center they are holding the French Food Festival which has been a Top 10 tourist attraction in the state for numerous years. I was appalled that during a State of Emergency this parish is going to hold an auction with employees there. The Galliano Barn had to beg to get a third person to hand out sand bags.
Ms. Sposito said the Chackbay Gumbo Festival is October 13-15, 2017.

Mr. Melvin said the Laurel Valley Festival is October 14. It is really interesting.

LEGAL ADVISOR REPORT AND/OR OPINIONS

The next item on the agenda was to relinquish time to the Lafourche Parish Legal Advisor.

No one requested to speak.

PUBLIC WISHING TO ADDRESS THE COUNCIL

The next item on the agenda was Public Wishing to Address the Council.

The next item (42) on the agenda was Ms. Theresa Peters to address the Council regarding items posted on Facebook and items placed on a non-profit Facebook site.

Ms. Theresa Peters, P.O. Box 389, Mathews, LA, said I am here because there were things that were said that I disagree with and I am not happy with. Those things were said at meetings here at the Council. First, Councilman LaFont when there are taxes mentioned and voting that’s mentioned you bring up people that are Homestead Exempt. You think we don’t understand what new taxes are or existing taxes for this parish. You think when we go vote we stand there and say I’m not going to vote for that because I don’t know what it is. When I go and buy something I say I’m not paying for that tax I’m Homestead Exempt. I don’t know what it is. I don’t know what it does for this parish. Do you have any idea how many people in this parish are Homestead Exempt and you offend when you say that? I’m sorry I didn’t pay as much for my home as you did but I’m happy. I don’t have the same opinions as you do.

Mr. LaFont started to speak and Chairman Perrillioux asked him to wait because it was Ms. Peters three minutes.

Ms. Peters called Point of Order and Chairman Perrillioux said you can’t call Point of Order.

Chairman Perrillioux told Mr. LaFont to go ahead and answer her.

Mr. Lorraine called Point of Order.

Ms. Theresa Peters, P.O. Box 389, Mathews, LA, continued by saying I’m sorry I don’t fit in your income bracket or I don’t have the same opinions or friends as you or I didn’t pay as much for my house as you did. You were voted in office to help the people in the district. Councilwoman Sposito you went on and on about a phone call you insisted you made to the Parish President. At the last meeting you even brought up…..

Chairman Perrillioux said your three minutes are up ma’am.

Mr. Lorraine relinquished time to Ms. Peters.

Ms. Theresa Peters, P.O. Box 389, Mathews, LA, continued by saying at the last meeting you even brought up your records to prove you made that call to him. You make fun of his record and you kept insisting I called you. You never returned my phone call. I have the records. Did it cross your mind that you dialed the wrong number or do you think yourself incapable of making a mistake? You blamed him for your mistake. Mr. Chairman you have a thing about transparency. You had a Facebook site you closed. Could it be the comments you made were racist or could it be that it was transparent the comments were meant to be comical. What I do know is on March 14th of this year it was very transparent how you felt about what I said when I addressed this Council. You thought what I said was comical. When Ms. Sposito and Mr. Lorraine got into a Tet-a-Tet you slammed the gavel down and with a blank eating grin on your face you said let’s have a little respect. In my opinion you disrespected me.
You dishonored your position as Council Chair and you dishonored all the other Council who have served as Council Chair. I have never seen you do what you did to me that night. I am a registered voter, senior citizen in this parish and shame on you Mr. Perrillioux for doing what you did to me.

**Chairman Perrillioux** asked what did I do to you? *Refresh my memory.*

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, answered saying you smiled and with a sh** eating grin on your face you said let’s have a little respect.

**Mr. LaFont** stated *you have no clue of anything about my finances because I have three jobs.*

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, interrupted saying is that why you brought up the people who are Homestead Exempt every time there is taxes?

**Chairman Perrillioux** said let him talk.

**Mr. LaFont** continued by saying my father was murdered when I was one year old.

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, said, “Don’t say you didn’t interrupt because you did.”

**Mr. LaFont** stated you are like talking to a brick wall. I was raised by a single parent like this young lady here.

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, interrupted by saying *I raised a child as a single parent, too.* So, don’t go there.

**Mr. LaFont** said I succeeded in life. I paid for two kids to go to college.

**Chairman Perrillioux** stated ma’am you are out of order. We are going to have to ask you to leave if you continue speaking over people

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, said, “Go ahead.”

**Mr. LaFont** continued by saying I have a home that you have no clue what I paid for.

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, said you have no clue what I paid for, Jerry.

**Mr. LaFont** said I care less what you paid for.

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, said I could care less, too.

**Mr. LaFont** stated *apparently you do.* I can tell you one thing.

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, stated you need to respect the people you say you work for.

**Mr. LaFont** said *I respect everybody.*

**Mr. Jones** called Point of Order.

**Mr. LaFont** stated just because I don’t think people who are tax exempt should get to vote on taxes where somebody lives and put the burden on me doesn’t mean I’m not respectful to the people.

**Ms. Theresa Peters**, P.O. Box 389, Mathews, LA, interrupted by saying y’all need to watch these meetings on TV.

**Chairman Perrillioux** stated she is not following the Council Chamber rules. *I want her off the microphone.* Chairman Perrillioux had the microphone at the speaker’s podium removed and brought to him.

**Mr. LaFont** said she is not being respectful. You don’t know about the people I hang out with. I don’t act high and mighty. I have gone without eating. I had to fight from that just like this young lady did. I go to work every morning so my kids can have the things I didn’t have. If you are going to fuss me for having a nice home, shame on you. My home is worth more than I paid for it because I did research and bought a home at a reasonable price. I used my intelligence. It’s not because I’m richer than everybody else. *You missed the point.*

**Ms. Sposito** stated Ms. Peters you don’t understand this phone is issued by the parish. The
numbers are already in here. When I call the Parish President I couldn’t dial an incorrect number because it’s put in by I.T. The number I dialed wasn’t on the records he brought. I have three different numbers for him. I called a different number. He brought in the records for one number and I called the parish number. The parish number that is supposed to be manned at all times. Where if the President couldn’t answer his phone his staff or going straight to the Emergency Preparedness Office would have. He would have gotten the message. So, I was not incorrect nor did I need to apologize on my call not being returned because I dialed his correct number. The records he brought were from a different number. Does that make sense?

Mr. Melvin said Ms. Peters, I can’t police Facebook. It polices itself. It’s a free country and I understand you have grievances. When I come in here I try to shake everybody’s hand and I don’t know what I did to you but when I went to shake your hand you did not shake mine. I don’t know if you are doing other people’s bidding in the government or if someone in the government can’t do their own bidding. That’s what it sounds like because you are here again lecturing us on things. We can see through this.

Chairman Perrillioux then moved on to Discussions.

DISCUSSIONS

The next item on the agenda was of any discussions.
The next item (43) on the agenda was concerning the Leeville Fishing Pier and Launch Leeville.

Mr. Lorraine said the pier is very successful and it’s being checked out by the Harbor Police. Launch Leeville is on Facebook and the lady that’s really in charge of that is allegedly the one that sent the anonymous letter. The boat launch is usable and there’s some things that need to be done but you need money. My challenge to Ms. Rhodus who happens to be Launch Leeville is she runs a 5019C Profit Organization is why don’t she donate some of that money to help us fix this. Let’s start talking positive instead of negative. All she talks about is negative. You go to the pier and 200-300 people come there and everybody is happy but her. She tries to get all the Baton Rouge people excited. This lady doesn’t even vote here. I don’t know if she ever went on the pier. She says things that are not true. Let’s try to talk about positive things.

ADJOURNMENT
