THE GARBAGE TAX REINSTATEMENT

LOVE LAFOURCHE

**Your VOTE Counts
NOVEMBER 6TH**

THE HISTORY

In 1986 Lafourche Parish voters passed a one cent sales tax to fund parish-wide garbage and recycling services, which included the first curbside recycling program in the state of Louisiana!

About ten years later, a small portion of the one cent sales tax was rolled back due to a surplus in revenues. At the time, experts predicted the remaining tax would fund garbage and recycling services for twenty years.

Today, twenty-two years later, taxpayers have saved \$66 million dollars in uncollected taxes, but as predicted the garbage fund is short of money to fund current services.

A proposition on the November 6th, 2018 ballot, with voter approval, will reinstate the small portion that was rolled back in order to continue the current garbage and recycling services next year and for years to come.

For Example:

The small portion that is being proposed amounts to only thirty cents on a one hundred dollar retail purchase.

A VOTE "YES"

2x/Week Garbage Pickup
Bulky Waste Pickup
Recycling
NO User Fees

A VOTE "NO"

1x/Week Garbage Pickup
NO Bulky Waste Pickup
NO Recycling
User Fees to Keep Current Services

NOT a New Tax

Bulky Waste

2x/Week Garbage Pickup

Recycling
