Upon motion by Alan Matherne and seconded by Nicholas Cheramie, the minutes of the October 18, 2011 meeting were unanimously approved as distributed.

LONG DISTANCE SEDIMENT PIPELINE PROJECT:  Mrs. Charlotte Randolph was unable to attend the meeting. Archie announced he received an email regarding the Long Distance Sediment Pipeline Project questioning if Lafourche Parish wanted to continue to be a partner in the Project or if the Parish wanted to ask for the $1 million in CIAP money back. He spoke to Mrs. Randolph who asked Archie to get the opinion of the CZM Board. Archie presented a drawing of the Project titled General Extent of LDSP and other Projects. He pointed out on the drawing that the sediment taken from the Mississippi River will stop at the Barataria Waterway. Archie explained that it will take additional money to go further. Discussion Followed. On motion by Wayne Martin and seconded by Jeremiah St. Pierre, it was moved that Lafourche Parish will ask for the $1 million contributed to the Long Distance Sediment Pipeline Project back explaining it was agreed that it’s not cost effective to get the sediment from the Mississippi River to Lafourche Parish and also requesting for additional funds from
the Project to complete the Lafourche Parish portion using Little Lakes. The motion was brought to a
vote and the motion passed.

**MASTER PLAN UPDATE:** Leslie Suazo of Brown & Calldwell presented a PowerPoint presentation
regarding the Louisiana 2012 Coastal Master Plan. Ms. Suazo discussed several topics including the
progress since the 2007 Coastal Master Plan, projects under evaluation for 2012, and the current status
and next steps of the Master Plan. She announced the draft of the Louisiana 2012 Coastal Master Plan
will be released to the public in January 2012 and then released to State Legislature in April 2012. She
showed how to access the website at coastalmasterplan.la.gov and gave the email address of
masterplan@la.gov for comments or questions. Discussion Followed.

**CWPPRA – PPL 21:** Archie announced the PPL 21 Meetings being scheduled for November 16,
2011 in Abbeville, LA at 7:00 pm and November 17, 2011 in New Orleans, LA at 7:00 pm. Archie
also announced the Tech Committee Vote Meeting being scheduled for December 13, 2011 in Baton
Rouge, LA. Discussion Followed.

**CIAP:** Update on North West Little Lake Project Issue(s). Archie reported that he spoke to Villere
Cross, Dupre Brother Construction, and some of the workers who installed the geotubes on Grand Isle
Beach who all said the toyo pumps could work. Archie stated the only factor will be to walk the
geotubes through water over time. He explained that he is waiting for the final price from Javeler
Construction to rent the toyo pump. Discussion Followed.

**PREVIOUSLY DISCUSSED PERMITS:**

A. P20100868 – BCR Holdings – STILL ON HOLD
B. P20101399 – Chevron USA, Inc. – Archie reported the permit has been approved and is at the
mitigation point, but the project decreased to a 2.4 acre impact. Archie explained because of the
new Modified Charleston Method, the Corps of Engineers is requesting Chevron USA, Inc.
mitigate 6.3 acres. He stated the Corps of Engineers is suggesting Chevron USA, Inc. purchase
credits from a Chef Menteur bank. Discussion Followed. It was the consensus of the Board to
file an Objection to the Corps. Of Engineers’ decision. On motion by Wayne Martin and
seconded by Travis Davis, it was moved that Archie will file an Objection to the Corps. of
Engineers and send a copy to the State of Louisiana objecting to the Corps of Engineers’
decision to purchase credits from a bank outside this basin when the applicant is wanting to
mitigate locally. The motion was brought to a vote and the motion passed.
